Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On October 12, 2006, the Compensation and Human Resources Committee (the "Committee") of the Board of Directors (the "Board") of First Merchants Corporation (the "Corporation") approved the establishment of a Defined Contribution Supplemental Executive Retirement Plan (the "Plan") for the purpose of providing compensation for a select group of management and other highly compensated employees of the Corporation and designated Michael C. Rechin as the sole initial participant in the Plan. The Board confirmed the Committee's action at a meeting held on October 24, 2006. On January 26, 2007, the definitive Plan document was finalized and executed by the Corporation, and Mr. Rechin executed a Participation Agreement accepting the Committee's designation of Mr. Rechin as a participant. Mr. Rechin is the current Executive Vice President and Chief Operating Officer of the Corporation and on April 24, 2007, will become the President and CEO of the Corporation. A copy of the Plan is attached hereto as Exhibit 10.1, and a copy of Mr. Rechin's Participation Agreement is attached as Exhibit 10.2.

The Plan provides that a certain percentage of each participant's salary and bonus will be credited to a deferred benefit account established for the

participant, contingent upon the participant having made sufficient contributions to the Corporation's Retirement and Income Savings Plan to be entitled to the maximum matching employer contributions under that plan. The amount of the contribution and the date upon which each participant will begin participating in the Plan will be set forth in the Participation Agreement to be executed by each participant.

The Corporation intends to establish a "rabbi trust" in connection with the Plan and to make contributions to the trust to provide itself with a source of funds to assist it in meeting its liabilities under the Plan. However, the Corporation's obligations under the Plan will remain an unsecured, unfunded promise to pay benefits to the participants in accordance with the Plan's provisions.

The interest of each participant in the value of his or her contribution account vests upon the earlier of: (a) the participant's death while employed by the Corporation; (b) the participant's disability while employed by the Corporation; (c) involuntary termination of the participant's status as an employee of the Corporation, other than for cause; (d) a benefit becoming payable to the participant under a Change of Control Agreement with the Corporation; or (e) completion by the participant of five (5) consecutive years of employment as an employee of the Corporation after becoming a participant in the Plan. Upon the occurrence of any of these events, the participant's interest in his or her contribution account becomes fully vested and nonforfeitable.

The amounts accrued under each participant's accounts become payable upon: (a) the participant's death; (b) the participant's disability; or (c) if vested, the participant's separation from service as an employee of the Corporation, with the initial payment being delayed six (6) months if payment is made on account of the participant's separation from service. The amount will be payable to the participant by the Corporation in thirty-six (36) monthly installments.

Item 9.01. Financial Statements and Exhibits.
